

METERED ELECTRIC HEAT AGREEMENT

I (we), the undersigned wish to participate in Dakota Energy Cooperative’s metered electric heat program.

I (we) understand:

1. The metered electric heat must be the primary heating system at this location.
2. The member has a 40 gallon or larger electric water heater. It must be controlled by the load management system.
3. The special rate will be available only until the electric heat rate is rescinded by East River Electric and/or Basin Electric.
4. The member will incur all costs associated with the installation of the necessary sub metering material and labor.
5. Only kilowatt hours registered from October 1st through April 30th are eligible.
6. The member shall allow the Cooperative to periodically inspect the heat system and metering for compliance.
